

Our theme for the Autumn half-term (September - October) will be ...

All About Me

Throughout the early years, young children are becoming increasingly independent and are eager to assume responsibility for themselves. Through exploration of the topic '*All About Me*', we aim to increase the children's self esteem and to establish themselves as a valued member of the group.

We hope you will be able to help and encourage your child to bring an item connected with our topic appropriate to each week for show and tell.
