Our Learning this week

- In Maths this week we have been focusing on our individual maths targets. Some of us have been busy working on our number formation—numbers 2 and 5 are very tricky to form! Some of us have been focusing on learning about 1 more and 1 less and some of us have been focusing on our one-to-one counting of objects. The children have really developed in their number confidence this half term!

- This week we have learnt all about the Christmas Story. We have listened to and watched the story being told and have enjoyed doing lots of Christmas Story related activities during our child choice time. We have created a stable collage; painted stable animals; created split pin angels; written our own versions of the Christmas Story and had lots of fun acting out the story in our role-play area. On Tuesday, with Miss Sweet, we even made our very own Christmas tree complete with Nativity character decorations. It is now proudly sitting in our Christmas role-play area.

- We have also been busy practicing and filming our part in our whole school Nativity performance. The children did a great job changing into their costumes and, although we did notice a few trousers on backwards at home time, we were so impressed at their developed independence skills! We are so proud of how well they did with their performance and we can't wait for you to watch it!

Learning Logs

- Thank you to all parents/carers who have already given in their child's learning log for this half term. The children have given them to us full of pride, eager to share with us the learning they have completed at home. We are so impressed with how child-led so many of them are and the great variety of 'be imaginative' activities they have completed. Please can we ask that all remaining learning logs come into school at the beginning of next week.

Thank you for your continued support. We hope you have a lovely weekend!
