

"My Learning Journey Diary" for

Week beginning: Wednesday 19th May 2021

This week we will be looking at growth in animals.

To help your child with their learning, here are a few suggested activities you may like to do at home:

- Read the story of Owl babies by Martin Waddell
- Have a walk around your local area, can you see any lambs, calves, foals? Which animals do these babies belong to?
- Can you estimate how many animals are in the farmer's field?
- Sing the song 'Old MacDonald had a farm'
- Go for a walk along the canal, how many baby ducklings can you see.

This space has been left blank for you to add your observations, pictures, photographs, etc. from home. Please use additional paper if needed.

Have fun with your learning this week!
