

"My Learning Journey Diary" for

Week beginning: 28th February 2023

This week we will be learning about the 2D shape of circle and 3D shapes of cylinder and sphere

To help your child with their learning, here are a few suggested activities you may like to do at home:

- Practice forming freehand circles in a tray of sand or flour
- How many different circle shapes can you find around your home? Can you draw around some of your circles?
- Practice your ball skills - throw, catch, kick
- Blow bubbles, how many can you pop?

This space has been left blank for you to add your observations, pictures, photographs, etc. from home. Please use additional paper if needed.

Have fun with your learning this week!
